So yeah happy new year 2009 :)
As what I have stated above the raw was taken from URDAN bot. The raw have no credit so I don't know who is the scanlator. If you happen to know or the one who scan it PLEASE PLEASE send us a notice to **marine.maiden@gmail.com** so we can fix the credit and give appropriate thanks. If you don't want the scan to be used please tell us too though it means we will need to stop scanlate because we have no raw provi der. ^^
We and my sister are doing this because we think Minako sensei work lack of love :p Actually we want to release ALL her **unlicensed** work but we'll see.
My sister is the sole translator and she's deadly busy. So in case you want to help with the Japanese transla tion, please send us a notice to

marine.maiden@gmail.com
